

GATES WILL BE FULLY FUNCTIONAL FRIDAY, AUG. 9 – YOU ARE ON YOUR OWN

Gate Entry /Exit Directions

How to use your Gate "Tele-Entry Access Control System 1.2.3.4."

1. Resident Entry

Resident may enter the complex through the gate via three methods:

1. Easy Pass car windshield sticker:

Enter through the left hand entry lane, under the guard booth overhang. As you approach the entry gate, it will open automatically.

2. Key Fob:

Enter the right hand entry lane and stop next to the card reader. Place your key fob next to the display on the card reader. The right hand entry gate will open and you may enter.

3. Telephone entry:

Refer to section (2) below. Only applies if someone is home.

2. Visitor Entry

Visitors will follow instructions on the Tele-Entry Access control panel as follows:

- 1. Visitor will press [A] to [Z] to find name. Once name is highlighted press [Call] and the system will call the resident.**
- 2. If you know the 4 digit directory code, then enter it on the keypad. The systems will call the resident.**
- 3. Resident will answer the phone and if access is warranted, the resident will press the number 9 on their phone, you will hear a tone and the gate will open.**

3. Resident Allowing Visitors Entry

Visitor entry is strictly up to the resident's discretion.

- 1. Your phone will ring. Pick up and engage in normal conversation.**
- 2. If entry is warranted then tell the person at gate that you will let them in.**
- 3. Press 9 on your touch-tone phone, you will hear three tones and get disconnected and the gate will open.**

4. Exiting

Exiting the community is automatic for all vehicles. As you drive up to the exit gate, the gate will open. After your vehicle passes through the gate, the gate will automatically close behind you.
